

KJS Sixth Form

Mobile Device Scheme

You may be aware that school has been using iPads in lessons for the last 3 years. We would now like to discuss the next stage in our development of mobile learning in the Sixth form.

We must emphasize that the scheme we are offering is totally **optional** and we don't expect or require all students to join. Learning is at the forefront of all we do at King James's and the use of a device is only there to help facilitate this. Students will not 'miss out' on lessons if they don't join in the scheme. The scheme is aimed at helping those Sixth form students who want to access mobile technology at home and in school.

If you would like to join this scheme then we have a number of options available:

Option	Device	Monthly payment from	Upfront
1	Apple iPad 32GB latest 2017 version	£20.78 x 21 months	£382.87
2	Apple iPad Pro 10.5" 64gb	£35.18 x 21 months	£662.34
3	Apple MacBook Pro 8gb 128gb	£61.37 x 21 months	£1,177.57

All options include –
21 months Warranty and Accidental Damage Insurance, Protective case, Dedicated School Wi-Fi, Device Management, and Transfer of Ownership at the end of the scheme.

Payment Scheme

Decide what device you want. Go on the Device Portal, register and order your device. School will then check your order and then contact you for a deposit. This deposit will be the value of one-months payment. The first, or only payment, will be taken one month after delivery of the device. If you decide to pay upfront your amount to pay will be minus the deposit already paid.

End of the scheme

At the end of the scheme the device (iPad or MacBook) will become your property and removed from the schools Device Management System.

Expected Timeline:

- Link to the Device Portal will be sent to all Sixth Form students. Link also available on the Sixth Form area of the school web site.
- Tuesday 5th September Device Portal opens so that you can order your device
- Monday 18th September Device Portal closes, must have ordered by this date.
- Friday 22nd September Pay deposit via ParentPay, so that we can order them.
- Early October Devices to be handed to students.

If you would like further information please see the iPad information presentation on the school web-site. If you have any further questions please contact James Hamer, Director of IT.

Yours faithfully
Julian Hooper
Teacher of Computing & IT

John O'Hara
