Priority review of marking: This is a review of the original marking to ensure that the mark scheme has been applied correctly, reviewers **will not re-mark** the script, they will only act to correct any errors identified in the original marking and will include a clerical re-check.

A marking error can occur because of:

- administrative error.
- failure to apply the mark scheme where a task has only a ‘right’ or ‘wrong’ answer.
- an unreasonable exercise of academic judgement.

Review of marking: As above

Clerical re-check: That all parts of the script have been marked
The totalling of marks
The recording of marks

Please be aware that when requesting a review of marking or clerical re-check, grades can go up or down and if the grade goes down the original grade cannot be reinstated.

Payment: Cheques made payable to King James’s School or by card in school – Applications will not be accepted without payment
